Head of School's Message

Another year at Saltus and what a year! Who could have predicted that we would spend the last few months teaching and learning online due to the pandemic.
Our Saltus community did a fast pivot and within the space of a few days, we were all learning and working from home.

A challenge? You bet!

Did we rise to it? Absolutely!

It was tough in many ways but as with all immense challenges, opportunities arise. Friendships were cherished in different ways, we had to learn how to use technology in so many different ways and most important of all, we learned to dig deep and be resilient. I am proud of all of you for rising to the challenges we faced.
But, let's not forget the rest of our year at Saltus. As you enjoy reading this yearbook, take a moment to enjoy all of the great things that make Saltus our community.
My huge thanks to the Yearbook team for all of your great work in bringing us our year in review!

Enjoy!

This year, students demonstrated their ability to transition into a virtual learning model. From Zoom calls to Seesaw tasks and everything in between, our students created an incredible online community that allowed for learning to continue while at home. We enjoyed getting to share stories, see our pets, have virtual classes and check in with each other daily, as we navigated this new territory. Students learned a variety of new platforms as we collaborated with one another virtually. Though this time of change wasn't always easy, our student's perseverance, dedication and commitment to learning continued to shine bright.

"The top of my highlight list has to be when students come back to see me and remember being in my class!"

"The little things that happen around campus every day and interactions with students throughout the school mean more than all my personal accomplishments combined."

We Wish a Happy Retirement to Mrs Shelly Sayers

Shelly has held many roles at Saltus since the first day she graced the classrooms of Upper Primary in 1999. She was a primary teacher for more than 12 years, Deputy Head of Upper Primary, Director of both Lower and Upper Primary and perhaps most importantly the proud mom of two Saltus graduates. 'Ms Sayers' as she is affectionally known by so many, will be missed by the entire Saltus community.

We asked Shelly what some of the highlights of her Saltus career have been and were not surprised that her focus was on the students and teachers she has worked with over the years.

During her retirement Shelly plans to spend time with her husband Peter and is looking forward to the freedom to be with friends and family whenever possible, whether it is going out on the boat in the middle of the week or preparing a nice meal, the plan is to enjoy life to it's fullest. Shelly enjoys travelling, reading and swimming so there certainly won't be a dull moment!

We truly appreciate Shelly's dedication and hard work and she will be remembered for her warmth, leadership and absolute love of teaching and learning.

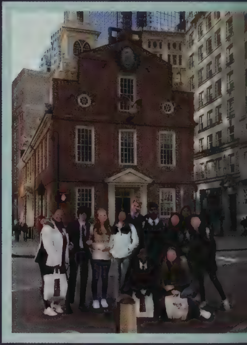
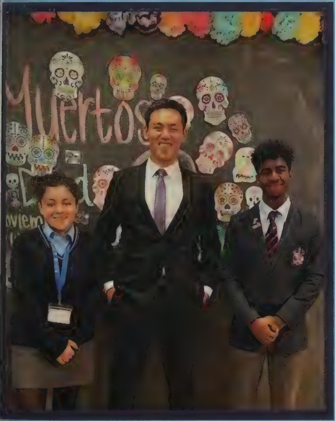
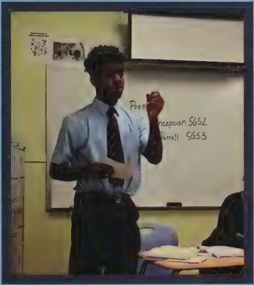
Public Speaking

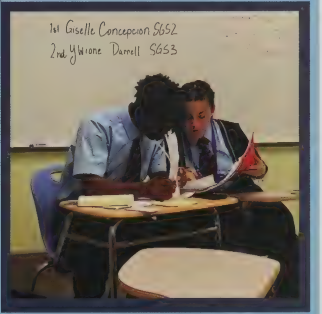
Throughout the past academic year some of our students have been representing our school and Bermuda by participating in Public speaking. These students took part in many competitions always showing the full talent of our school whether they are against other local schools are foreign academies.



Debate







1st Giselle Concepcion SGS2
2nd Ywione Darrell SGS3

Along with public speaking a few of our students ran a debate club where they partook and organized a few local events. Furthermore, this club was completely student led, having little to none teacher guidance. These students have battled it out against other local schools where they have shown a wide array of talent.

Saltus Diabetes Walkathon

Starting in early November, the Year 8 students at Saltus were tasked to research Type 2 Diabetes, and come up with a business pitch idea for a fund raising event the school would later put on. They got into groups of three and created ideas such as a sugar free bake, a blue water balloon fight, and the overall winning idea of a blue grub day and Diabetes Walkathon.
Samuel Alfrey, Grace Rothwell, Matthew Davidson and Dimitri Gontcharov came up with this idea and raised just about $3,000 dollars! Almost all of Secondary School took part in the walkathon and the event was a huge success! All profits were donated to the Bermuda Diabetes Association o help provide life-saving medical equipment!

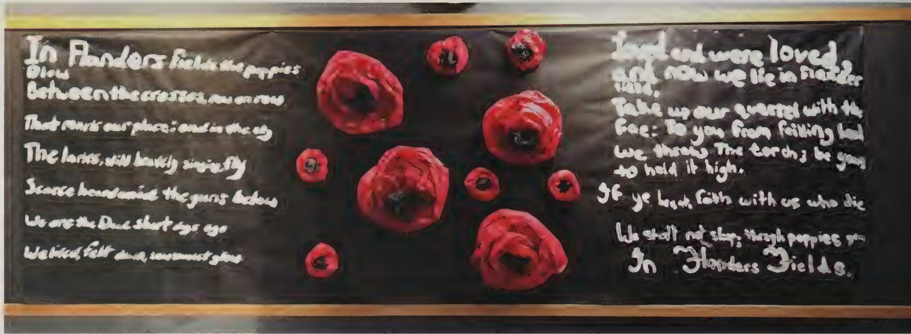
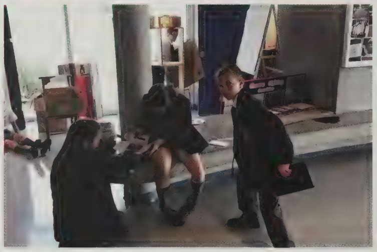
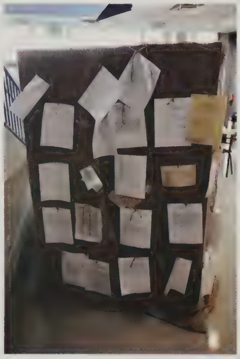
Project based learning

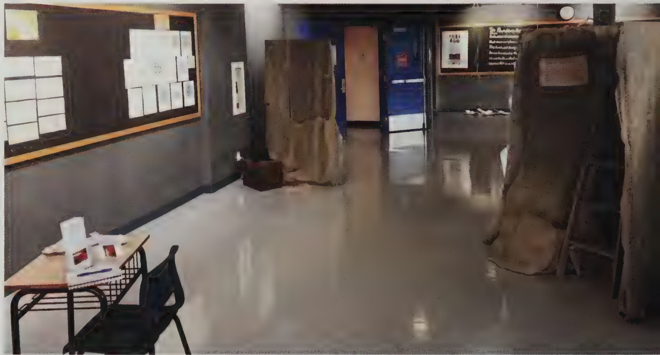


In Flanders Fields the poppies blow
Between the crosses, row on row
That marks our place; and in the sky
The larks, still bravely singing, fly
Scarce heard amid the guns below
We are the Dead. Short days ago
We lived, felt dawn, saw sunset glow
Loved and were loved
and now we lie in Flanders field.
Take up our quarrel with the Foe: To you from failing hand
we throw The torch; be yours to hold it high.
If ye break faith with us who die
We shall not sleep, though poppies grow
In Flanders Fields.



DO NOT SIT OR TOUCH





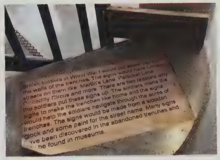
In November, Year 9 was tasked with a project to try to raise awareness for the Poppy Appeal run by the Bermuda Legion. They created and built a replica WWI trench and highlighted some of the Saltus old boys who fought or died in the Great War. The idea behind it was to increase awareness of the needs of veterans today, and therefore get more donations within the Saltus community.

#WearYourPoppyWithPride

The Bermuda Poppy Appeal

In the Bermuda poppy appeal, poppies are sold to raise money for the people who lost their family members in the wars to help them out financially. They also honor the lost soldiers to celebrate their bravery and courageous duty for their country by having a parade where all the surviving veterans and their families that lost relatives, walk down Front street until they reach the cenotaph, a monument where wreaths are hung by the premier, the governor of Bermuda, and other dignitaries. It also has a two minute silence, for all the lives lost in all of the wars. Also on remembrance day poppies and poppy reefs are put on all the soldiers graves who died in the war.

So every year on the poppy appeal everyone buys a poppy to help out families who had lost lives through the wars and to honor the dead and those who survived the wars. This is a very historic event that not only raises awareness but also teaches a younger audience about what the men that served in world war one had to go through. Lastly this makes everyone remember their sacrifice because these men gave their lives to make ours better.



British soldiers in World War I would put street signs on the walls of the trenches. The signs would have London streets on them like: Martin's Lane, Petticoat Lane, Piccadilly Circus and more. There are two reasons why the soldiers put these signs up. The soldiers made the signs to make the trenches like home and the signs would help the soldiers navigate through the acres of trenches. The signs would be made from a wooden block and some paint for the street name. Many signs have been discovered in the abandoned trenches and be found in museums.

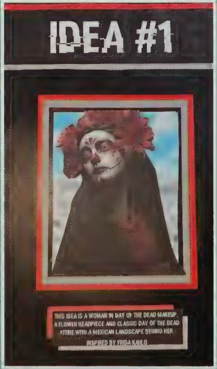
SAVE THE BEES
HONEY

The first Idea was inspired by the artist James Knowles. He created many pieces to do with bees but most his work was about nature and flowers I included both aspects into one idea and came up with colour + vibrancy

For my second idea, I used details and aspects of Louis Masai's artwork to create my piece. I took basic colours to do with bees and earth tones to create a basic and simple piece.

For my final and last idea, I based my work on Matthew Willey's work. I used a few patterns and details he uses to create my piece. However, I drew the bee's in my own way to create personality + originality



THIS IDEA IS A WOMAN IN DAY OF THE DEAD MAKEUP, A FLOWER HEADPIECE AND CLASSIC DAY OF THE DEAD ATTIRE WITH A MEXICAN LANDSCAPE BEHIND HER.

CORONA CHAOS

We had to adjust to life in Quarantine

Things Went Viral

You already know that the coronavirus has brought normal life to a halt in the whole world. But you may not remember what a virus even is. They're invisible and can make us sick – but how?

A virus is a microscopic piece of genetic material surrounded by a coat made of proteins. It enters healthy cells and hijacks them, creating copies of itself. When viruses begin replicating inside a living organism, they can cause an infectious disease. In the case of the coronavirus pandemic, the virus is SARS-CoV-2, and the disease is called COVID-19

Eco Club

We want to say a HUGE thank you to Miss Romatowski for working so hard to keep our club going! Also, we have many core members that are graduating who we will miss and want to thank for their contributions: Isabella Murdoch, Mason Illston, Ryan Topple, Genna DeSilva, India Payter, Emma Mayor, Kennedy Durfy, Braeden Baumgartner, and Charlie Gravestock! Thank you for an awesome year!

Eco Club has an Instagram! **@saltusecoclub**

We post and update everyone on our recent activities and post helpful tips on how to help take care of the environment. If you have any photos you want to post please tag us in them so we can show thw great work our school is doing!

Highlights from this Year

This year in the Eco Club we successfully implemented a recycling program in which students of all ages are encouraged to recycle (TAG) within the school. We hand painted recycling bins and have them placed all over the school so please look out for them!

Additionally, Mason Illston (Sustainablility Prefect) and Isabella Murdoch (Service Prefect) were chosen to attend a conference at the BIU (Bermuda Industrial Union), to discuss how young people and Bermuda can work towards a more eco-friendly future.

A few staff members are leaving this year and though they will be greatly missed, they will be moving on to brighter and better futures. We wish them the very best.

The 2020 edition of The Martlet was printed by Jostens Yearbooks of Clarksville, TN. The wonderful yearbook staff created 182 full color pages on 100% gloss paper.

As it has been for many years, the Martlet was produced using the Jostens Yearbook Avenue and Yeartech Online programs, without them, the Martlet would still be produced by hand! This year, the Martlet would like to thank Reilly Durfy, Charlie Gravestock, Jessica Bucher, Chris Adderley, Ethan Fox and Chris Davidson for photography. We'd also like to thank the yearbook layout staff; Reilly Durfy, Tamara Leach, Jess Bucher, Ethan Fox and Isabella Murdoch.

Last, but not least, many thanks to Senior Editor and Yearbook Prefect, Julianne Oatley for all her hard work during the school and summer period.

Finally, we do apologize for any mistakes. Our yearbook is a student produced publication and therefore to expect a perfect and flawless yearbook would be unrealistic. As you can imagine, we, here at the Martlet, are always disappointed to find our mistakes, but please know that we never intend to be malicious or hateful and that mistakes do happen, but we endeavor to do our best.

To finally conclude, it is due to the efforts of the yearbook committee, along with the lovely and talented Mrs. Murdoch that this book even exists at all.

Thank you!

Secondary Yearbook Committee 2020

From the Advisor's Desk...

When we look back to the start of this academic year, we had no idea what 2020 would bring! For so many, especially our Class of 2020, many milestones were missed, or postponed or just didn't look like they were meant to. Lockdown provided a lot of change for all of our Saltus family. With this change, what became clear, was that it's not about **how** we spend our time, but **who** we spend it with that really was the most important. So many memories are shared on our Home Learning pages of families, students and teachers connecting in new ways we never thought would happen before! Despite our WFH mandate, learning continued, and perhaps was even more meaningful.

During these last few months, we have seen so many unsettling or extraordinary events in the world, some of which we participated in here at home in Bermuda. The BLM protests both here and the world speak to decades worth of anguish and frustration over unequal treatment and unfair police practices. Our Saltus family was there. There is still much work to be done, but we have to keep going. And we have hope our graduates will be the ones who will keep the ball rolling. In former President Barack Obama's Class of 2020 speech he said: " It's fair to say your generation is graduating into a world with more profound challenges than any generation in decades. The old normal wasn't good enough. Our individual wellbeing, depends on the wellbeing of the community we live in. You don't have to accept the way our world is. You can create a new normal. This generation is the best educated in history, more tech savy, exposed to more knowledge and perspectives than the generation before. More tolerant, empathetic, entrapeneurial, environmentally conscious." Class of 2020, do what you think is right not just what is expected, or easy. Use your critical thinking skills you've developed to promote the truth, and watch for unconscious bias.

The Saltus Community has many members, both old and new, and regardless of who you are, you are a part of this family. I hope you will find wonderful memories in this book, of this year's extraordinary events. We have tried our best to chronicle as much as possible, so that when this book gets dusty on the shelf, you can pick it up many years from now, and it will bring you back to a wonderful time.

I want to especially thank Lisa Simons, Oryn Barnett and Claire Steede for their help with the editing and collecting photographs of all the events in Lower and Upper Primary. I could not have produced this book without you all! Finally, I would like to thank my Secondary Yearbook Staff, especially my Senior Editor Julianne and Junior Editor Jessica. This book could not have been created without all of your hard work and industry. Finally, to my SGY2 Art class and especially my graduating daughter Isabella, I am so proud of you all! Have faith, because the road to tomorrow is paved with hope, there are pages unwritten, stories untold, and a new chapter to begin. I know you will all rise to the challenge.
